CONTACT YOUR INSURANCE AGENTS FOR AN ANNUAL CHECKUP:

1. Update your policy after home improvements
2. Ensure your policy includes key coverages like extended replacement cost, annual inflation adjustment, increased living expenses coverage, and building code coverage
3. Verify the accuracy of your home's details in your policy, like square footage and home finishes
4. Consider renters insurance if you're renting
5. Keep homeowners insurance active, even if your home is paid off
6. Add coverage to your auto policy for post-wildfire vehicle replacement
7. Migrate your estate documents to a digital trust
8. Verify your videos and inventory records of assets are backed up to a remote server

ACTIONS YOU CAN TAKE TO IMPROVE EVERYONE'S OUTCOMES:

1. Have a Wildfire Urban Inventory Assessments performed on your residence
2. Start a FireWise USA Community with your 7 closest neighbors and volunteer 1 day a year
3. Locate and Walk to your nearest Basic Earthquake Emergency Communication Node
4. Identify which neighbors might need help getting mobilized in an evacuation
5. Identify which neighbors might need to be checked on during inclement weather
