

WHAT IS RANKED CHOICE VOTING?

Ranked choice voting (RCV) is a style of voting that allows voters to rank candidates in order of preference instead of choosing only one.

Candidates	Rank 1	Rank 2	Rank 3	Rank 4	Rank 5	Rank 6
Blue Lake Park	☐	☐	☐	☒	☐	☐
Forest Park	☐	☐	☐	☐	☐	☐
Kelley Point Park	☐	☒	☐	☐	☐	☐
Larch Mountain	☐	☐	☐	☐	☐	☐
Multnomah Falls	☒	☐	☐	☐	☐	☐
Oxbow Regional Park	☐	☐	☒	☐	☐	☐
Powell Butte	☐	☐	☐	☐	☒	☐
Thousand Acres / Sandy River Delta	☐	☐	☐	☐	☐	☒

Why are we using ranked choice voting?

In November 2022, Portland and Multnomah County voters approved measures to require the use of ranked choice voting for all City of Portland and Multnomah County candidate contests.

How is my vote counted with RCV?

To begin, voters' 1st choices are counted. If no candidate receives the required number of votes to be elected, the candidate with the fewest votes is defeated and the votes for that candidate are transferred to those voters' next highest ranked choices. This process of defeating candidates and transferring votes continues until a candidate gains enough votes to be elected. Your 2nd-6th choices are only used if your 1st choice has already been defeated.

How do I fill out my ballot using RCV?
